## Thought for the month June 2010

*You may be only one person in the world, but you may also be the world to one person.*

**Medical Test.**

Stare into the cats eyes for 10 seconds. Now stare at the puppies eyes.

Thank you, your CAT SCAN and LAB TESTS are now complete!! ☺☺☺☺

Do you ever notice that when your driving, any one that is going slower than you is an idiot, and everyone Driving faster than you is a manic?

**The positive side of life.**

1 Living on Earth is expensive, but it does include a free trip around the sun every year.
2 How long a minute is depends on what side of the bathroom door you're on.
3 Ever notice that the people who are late are often much jollier than the people who have to wait for them
4 Have an awesome day, and know that someone who thinks you're great has thought about you today

Here is a lesson to be learnt
Don't try to fool the police.

A motorist was unknowingly caught in an automated speed trap, measuring speed using radar and photographed his car. He later received in the mail a ticket for $140 and a photo of his car. Instead of payment he sent the police a photograph of $140. Several days later he received a letter from the police that contained another picture, this time of handcuffs. He immediately mailed in his $140!!!!!!

**Here is another lesson to be learnt**

A policeman spotted a jay walker and decided to challenge him, "Why are you trying to cross here when there is a Zebra Crossing only 20 meters away?" "Well" replied the jay walker, "I hope it's having better luck than me!!!!!!!"

☺☺☺☺☺☺☺

**Viruses.**

**1** Causes you to send the same e-mail twice. Done that!
2 Causes you to send a blank e-mail! That too!
3 Causes you to send e-mail to the wrong person. Yep!
4 Causes you to send it back to the person who sent it to you, who me?
5 Causes you to forget the attachment, done that that too!
6 Causes you to hit **SEND** before you're finished. Oh no--- not again!
7 Causes you to hit **DELETE** instead of **SEND** and I just hate that!
8 Causes you to hit **SEND** when you should hit **DELETE -** Oh No!

**It IS CALLED THE 'C-NILE VIRUS.'**
